Please Help Keep Your Neighborhood Litter-Free

By Virginia Van Norden, Forgotten Felines Director

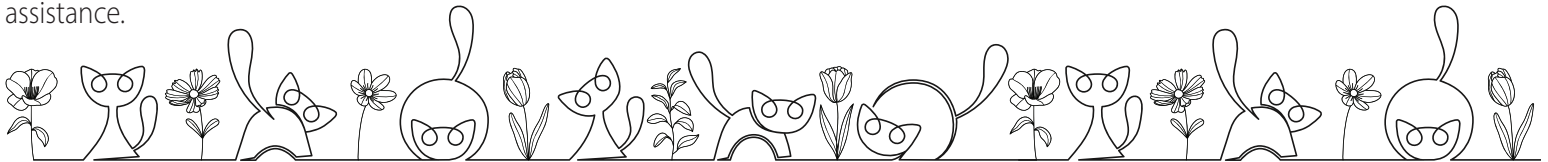

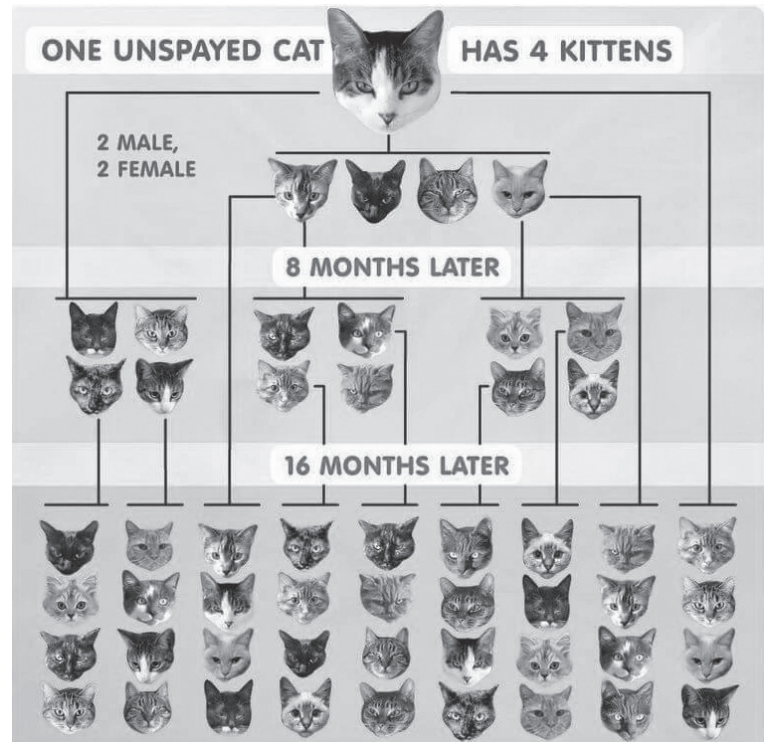

Spring is the time of year when shelters are absolutely overwhelmed by the number of cats, who can have their first heat cycle as young as 4 months old, giving birth to litters of kittens.

An unspayed female cat, her mate and all of their offspring, producing two litters per year with 2.8 surviving kittens per litter, can total 12 cats in one year, 11,801 cats in five years, and a staggering 11,606,077 cats in nine years. As long as these birth rates exist, there will never be enough homes for all of these innocent animals. As a result, millions of healthy, loving cats and kittens end up being euthanized as a form of animal control. Others are left to fend for themselves against the elements, automobiles, other animals and cruel humans.

We at Forgotten Felines desperately need your help to combat a staggering problem, and ask that you please spay and neuter your own pets and call us for help with any stray cats you know of in your neighborhood.

We are very grateful to the compassionate people who feed homeless cats, and ask that you take it one step further and make sure they are spayed and neutered, which we will be more than happy to help you with. Please call 860-669-1347 if you need assistance.

Together, we can make a huge difference in a very real and rapidly growing problem.

WHO CAN RESIST MAMA MIA?

This 2 year old beauty with the gorgeous tabby markings was abandoned by her owners when she was pregnant. Thankfully, a neighbor scooped her up and took her to a shelter so she didn't have to give birth outside alone. Her kittens have been adopted and it is time for sweet and playful Mama Mia to find her forever home. Come meet this very special girl at our open house or apply to adopt her online at www.forgottenfelinesct.org.

PRECOCIOUS PRINCE

Prince is so thankful to be safe and warm inside after spending his entire life outdoors, most recently in the bitter cold. This young, energetic brownish gray and white tabby with golden eyes is a purr machine once you start petting him. He has lots of energy, whether playing with other cats or alone with his toys. Is your castle in need of a Prince? Come meet this very adorable boy at our open house or apply to adopt him online at: www.forgottenfelinesct.org.

Fundraising Volunteers Needed

We are looking for volunteers to offer ideas, plan, organize and lead new fundraising events. If you have the time, experience and organizational skills, please call the volunteer line at 860-669-1347.

LOVELY LUCY!

This beautiful senior tabby with her brown, black and tan markings showed up in a barn one day, seemingly lost and searching for food. The property owners began to feed her and called Forgotten Felines for help. Lucy loves gentle pets and her favorite treats, and would thrive in a quiet home. She will thank you for adopting her with loud, contented purring. Will you provide a forever home for this sweet and lovely senior girl? Stop by our open house to meet Lucy or apply to adopt her online at www.forgottenfelinesct.org.

FLUFFY SNUGGLE BUDDIES!

There couldn't be a more special bromance than that of Ivan and Zeke. Although they are not siblings, these boys found each other in the shelter and have been inseparable ever since. Both are shy at first, but Ivan, the long-haired black beauty and Zeke, the long-haired orange and white stunner, crave attention and petting. When not napping together, they enjoy playtime and treats. If you are a fan of fluffy, long-haired cats, these BFFs are the perfect fit for you. They would probably do best in a quiet, patient home with no dogs or kids. Come meet these sweet and affectionate snuggle buddies at our open house or apply to adopt them online at www.forgottenfelinesct.org.

Our Mission

FORGOTTEN FELINES, Inc. is a charitable, non-profit organization run entirely by volunteers and supported solely by contributions. Our mission is to stop the proliferation of homeless cats in our community. At our humane, no-kill shelter, we provide rescued cats with nutritious food, warm beds, and expert care, with the goal of finding them permanent, loving homes.

All the cats we rescue are spayed or neutered, given thorough examinations, vaccinated, and tested for fatal feline diseases.

Thanks to all our generous supporters and volunteers, including newsletter editor Carol Andrecs; graphic designer Lucia Borzillo; the contributing writers; and photographer, Tracye Mueller.

Thanks also to Dr. Robert Fair, Dr. John Mead and staff at Killingworth Animal Hospital for taking such good care of our residents and new rescues, and to Shore Publishing for featuring our cat adoption stories, articles and notices.

Special thanks to all our wonderful volunteers!
